LET'S TELL YOUR STORY!

Welcome

Hi! My name is Danielle, and I can't wait to hear more about your vision for your wedding day!

Whether you are a fun, high-energy couple, or you want a slower, more romantic pace to your film, we'll work together to build the film you've been dreaming of.

Your wedding is one of the most important days of your life, and I do not take that lightly. I only take on a limited number of weddings per year, so that I can ensure each one is getting 100% of the time and effort it deserves.

You can read below to learn more about the Package and Add On's we have available, and when you're ready I would love to jump on a quick call and just hear how your wedding planning is going so far! Please let me know if you have any questions.

Thanks so much, and happy planning!

“I’m CRYING in the middle of Target right now!!!!!!! Thank you so much!! It’s beautiful!!!!!!

It’s better than I could’ve ever imagined!! Thank you so much. I seriously cannot wait to have you at our wedding!

You were so fun and easy to work with and this is something we will cherish forever!

The Experience

I primarily take a documentary approach to filming weddings. While I will move trash, bags, and random items around a little to clean up the shots, for the most part I stay in the background, quietly capturing your real day as it actually unfolds.

I'm not a fan of overly-posed photos, so while I have studied posing thoroughly, I find that guided actions make more beautiful, genuine shots than stiff poses do. For example, instead of tilting your chin, placing your hands a certain way, and asking you to smile, I might ask you all to walk along, talking to each other, or to pretend that it's cold and cuddle up really close.

After the ceremony, we'll send everyone else onto cocktail hour and I will work alongside the photographer to capture you spending your first moments alone together as a newly married couple. The more time you can block off for this, the happier you will be when you get your film! If we can get 15-20 minutes here, I'm thrilled. Couples usually have a tendency to rush through this part of the day because there is so much going on, but – in my opinion – it's the most important part of the day.

Finally, we'll go to your reception, you'll get to celebrate, and I'll be there to capture it all!

The Process

HERE'S WHAT YOU CAN EXPECT NEXT:

1. INQUIRY

We'll email back and forth a couple times to get all the details worked out and decide on exactly what you'll need.

You can look over the pricing guide, discuss it as a couple, and make a decision on whether or not you want to book.

Also, if you prefer face-to-face communication, at any point between now and your wedding day, you can schedule as many FaceTime calls as you need, to go over details, ask questions, and visit about your big day!

2. BOOKING

Once you decide to book, I'll set up a personalized wedding booking site for you! On the site you can view the proposal of services, review the contract, and pay your deposit to lock in your date.

Starting in 2024 we are excited to offer Choose Your Own Payment options! When you sign the contract you will be able to split up your cost over as many as 12 payments. Or pay in as little as 1 and receive a \$200 Paid in Full discount!

The first 50% of your payments will be counted as a non-refundable deposit, but your date will be officially reserved and locked in as soon as your first payment is made!

3. THE STORY SESSION!

(One of my favorite parts!)

Sometime between booking and your wedding we will schedule a 45 minute session where we go somewhere special to you as a couple and just record your story. We'll shoot some beautiful couple shots that we can use in the final film and capture some great audio of the two of you telling the story of how you met, started dating, and made it to the wedding day!

4. WEDDING DAY

The day of the wedding all you need to do is get married and enjoy the day!

I'll check in a few weeks prior to the wedding to get a finalized timeline, and I'll show up early to make sure I get all the detail shots we need. I will be there the entire day to document everything as it unfolds.

5. DELIVERY

Your final, complete film be delivered to your email eight weeks from your wedding day. You'll be able to download the video file directly to your phone and/or computer and share it with your family and friends!

Kind Words

"Kelsey cried again... lol Truly we are so happy you were part of our day. You have a gift and your usage of it is inspiring. May all the best come your way. Looking forward to working with you again for what ever we need. 😊 #clientforlife" - Michael

"Danielle. I honestly have no words! It is so, so beautiful. We have already watched our wedding video a dozen times this weekend and sent it to all of our family! It has been a hit! Literally the thing I will cherish most from our wedding.

I can't thank you enough for everything you did and working so hard to get such amazing footage. You have a phenomenal eye and so much talent.

Thank you so much!" - Tanna

BRIDAL PARTY CAM

The Bridal Party Cam is one of our favorite parts of the wedding day!

If you opt to add the Bridal Party Cam to your package, we give a 4k Canon Camcorder to the bridal party to use all day. They can make home movies, interview guests, choreograph dances, or do anything else they think of!

This has been a favorite of all our couples this year.

Your bridal party can capture those raw, behind the scenes moments that we, as outsiders could never get.

So far this year we've seen dances, messages to the couple, interviews with grandparents, and so many other precious memories!

The footage is dropped into a timeline and uploaded to your wedding site, along with all your other films!

SOCIAL CONTENT KIT

In 2024 we started offering Social Content Kits!

The Kit is essentially a collection of horizontal and vertical clips from the day (all trimmed and color corrected), along with instructions on how to use them to create reels.

Kits typically are sent out via Dropbox a couple weeks after the wedding, so that everyone has beautiful content to share from the day!

It gets delivered to the couple and to all of the vendors from your wedding, so that everyone can use them to make fun reels!

The actual final film takes eight weeks to edit, so the Content Kit is a fun way to give everyone something to show off in the meantime!

"Danielle is extremely professional and her work is thought-out and beautiful.

Danielle was quick to respond and went ABOVE and beyond to capture our special day. I emailed her at midnight the day before the wedding and she responded and took care of my request.

Danielle did a wonderful job and I am so thankful to have chosen her to document my wedding!"

FREQUENTLY ASKED QUESTIONS

1. DO WE NEED TO SCHEDULE SEPARATE TIMES ON THE WEDDING DAY FOR PHOTO AND VIDEO?

When building your timeline, you do not need to separate out photo and video. We want to make things as easy on you as possible. So on your wedding day, we'll work side by side with the photographer!

Wedding photographers are some of our best friends, and we love the chance to get to work collaboratively with them!

2. DO I NEED TO GIVE YOU A SHOT LIST?

I have had lots of experience shooting weddings and know all the typical shots to get (invitations, rings, cake cutting, family photos, etc.).

I will thoroughly document everything going on the day of your wedding! However, if there is something that has special sentimental significance (like napkins that were hand-embroidered by grandma), please let me know, and I will make sure to take extra time and care capturing those things for you.

Also, if you're secretly planning a flash mob, a groom kidnapping, or any other surprises that I wouldn't normally expect on a wedding day, let me know so I can make sure I don't miss it. During your booking I'll send you a questionnaire that asks about all these things!
